Welcome to La Vista Keno!

We hope that your time spent here is a fun and enjoyable experience. If there is anything we can do for you please let us know.

If you are new to the game of keno and need some assistance, please feel free to ask any of our friendly staff.

How To Play Keno:

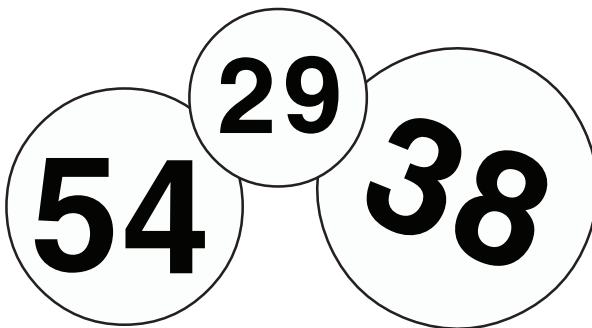

Keno is played with 80 numbers, 20 of those numbers are drawn each game. Mark the numbers and the amount you wish to play on your ticket and hand it to a writer with your bet.

After you give your ticket to the writer, you will receive a computer generated ticket with the bet you have made. The amount you can win each game depends on the type and amount of bet you have made.

If you can't decide on any numbers of your own, the computer can pick them for you.

Federal Income Tax (IRS)

An IRS W-2G Form must be filed on all net keno winnings of \$1,500 or more. For winnings of \$1,500 or more, 10% is the maximum that can be paid out in cash. The rest will be paid by check. You are required to present two forms of identification when claiming your prize.

The IRS requires us to withhold and send them 30% of your winnings unless you present us with your official Social Security Card.

The IRS considers a ticket written for more than one game to be one ticket. The total amount you bet on the ticket is deducted from the total amount you win to determine whether your winnings are over \$1,500.

Paytable Rates:

Each payable is given a different rate. When you pick a game other than the regular pay rate the computer generated ticket will display the rate you are playing. Please make sure the ticket you are playing is marked with the correct payable rate on it. If you do not mark the payable rate on your ticket the bet will be played and paid at the regular ticket rate. Please be sure to check your ticket before leaving the counter to make sure there are no errors.

Regular Keno

\$1.00 minimum ticket.

ATTENTION PROGRESSIVE PLAYERS: You **MUST** bet a Minimum of \$1, \$2, or \$5 PER WAY to be Eligible or to Win the Progressive - as shown in the following Paytables for Regular Keno. See additional rules on Page 7.

Way Tickets

Way tickets are a method of playing several different keno tickets on a single ticket. To play a way ticket, simply mark the numbers you wish to play, circle the different groups or denote groups by using letters Group-1 "A", Group-2 "B", etc. Then combine these groups to make up different tickets.

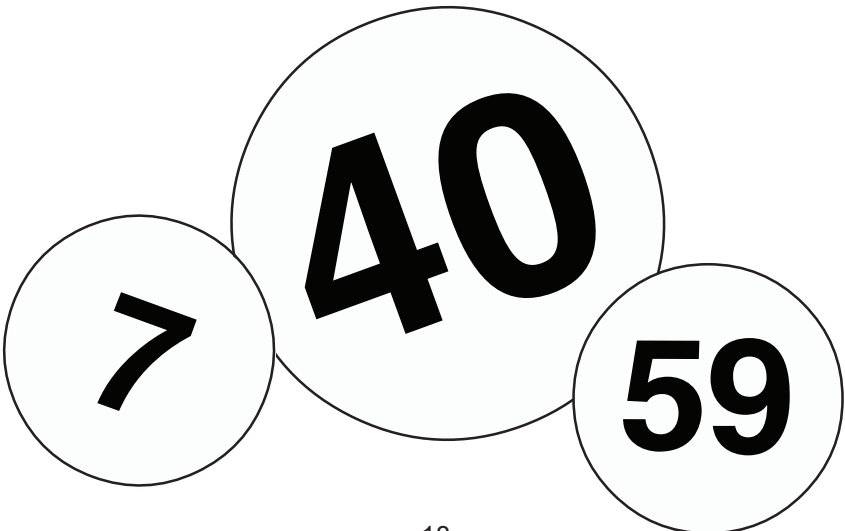

Here are a few examples of a way ticket:

LA VISTA RULES OF PLAY

BY PLAYING THE GAME YOU ACCEPT ALL RULES OF PLAY

Rules of play include the rules printed on the computer generated paper ticket, rules printed with paytables and other printed rules published by the keno operator. Rules are not subject to oral modification by any keno writer, keno manager, employee, owner, agent or anyone else. Games are subject to federal, state and local laws and regulations. You agree to accept your computer generated paper ticket as issued, even if issued in error. There is no liability for prizes that could have been won if your ticket had been issued differently. If requested, writers may attempt to correct errors before you leave the keno station but are under no obligation to do so. You may request a refund of your ticket at any time before the games to which that ticket relates are closed. Your computer generated paper ticket is evidence of your bet and must be presented and surrendered in order to collect any prize. The keno operator may pay the bearer of the computer generated paper ticket and has no liability for lost or stolen tickets. If you do not receive a computer generated paper ticket (the cause of which may include but is not limited to: the printer running out of paper, a paper jam, equipment malfunction, electrical problem, writer error, or any other reason, or no reason at all), you do not have a valid bet. In that event you are entitled to a return of your purchase price and nothing else. If there is a dispute regarding the information shown on your computer generated paper ticket, internal computer records govern. The betting slips provided for your convenience are not evidence of your bet, and are of no legal effect.

Separate individual games are conducted at each location where keno is played, and are intended to be played exclusively by patrons of that location. If your ticket is played for fewer than 21 games, you should be present in the gaming area from the time your ticket is issued through the last game played. You should claim, where your ticket was purchased, any prize won immediately after the last game played and before the next game is called. All prizes must be claimed within 30 days after the last game played. Results of each game may be based on number selection at a separate location. Prizes of \$1,500 or more may be redeemable and subject to verification at a separate location. All games using the same number selection have a common prize pool. Large prize payments are subject to verification which may take several days. Names of winners may become public information. By playing the game you consent to the use of your name and likeness for advertising purposes. You agree to fill out such tax and other forms as required in the event you are a winner.

Your computer generated paper ticket is void, regardless of whether you are aware of the circumstances, if (1) it relates to any bet not paid for, (2) the rules of play or federal, state or local rules have been violated in the issuance of the ticket, the conduct of the game or otherwise, (3) the ticket or any equipment or software related to the game has been tampered with, has malfunctioned, or is defective, (4) anyone has attempted to influence the outcome of the game to which the ticket relates, or (5) the ticket has been purchased, directly or indirectly, by a person under 19 years of age or any person prohibited from playing the game. Void tickets give no claim to prize payment. The keno operator's payment or compensation of the holder of any void or nonwinning ticket, or any other player, does not affect the keno operator's right to dishonor other void or nonwinning tickets or any other invalid claim. The keno operator's liability on a void ticket is limited to the amount bet. Maximum bet on any ticket is \$100 per game. The keno operator and the locations in which it operates reserve the right to refuse to accept bets from anyone.

Aggregate Rules for Progressive Prizes: The progressive for Regular Keno and the 20 Spot Special is limited to an aggregate maximum of \$200,000 for all games using the same number selection. The prizes for the Super 5 Jackpot and the Super 6 Jackpot are each limited to an aggregate maximum of \$50,000 for all games using the same number selection. If more than one player wins the same progressive or jackpot on the same number draw, the prize will be split evenly among all such winners.

Aggregate Rules for All Other Prizes: The aggregate maximum payable on all prizes of \$1,500 or more in all games using the same number selection is limited to \$50,000 per draw. If necessary to comply with that aggregate maximum, all prizes of \$1,500 or more will be reduced pro rata.

All games are conducted by the City of La Vista and are operated by La Vista Keno (LVK Holdings LLC) which has sole responsibility for payment of prizes.
